

**LAMARTY®**

**BIRCH WOOD  
SKIN FEEL PANEL**

# LAMARTY

## BIRCH WOOD SKIN FEEL PANEL

The core material of the product is European birch plywood, with 1.5mm thick fireproof boards on both the top and bottom layers.

The top layer is coated with a UV coating, and the surface of the panel is irradiated with 172-nanometer semi-transparent molecular light to cure and shrink the uncured paint.

This process not only provides a skin-like texture but also makes the surface more durable and sturdy.

# Product Advantages

## High-Quality Core Material

The product core is made from European birch plywood, offering strong resistance to deformation and excellent structural stability, ensuring long-term reliability during use.

## Fire Resistance

Both the top and bottom layers use 1.5mm thick fireproof boards, significantly enhancing the product's fire safety and effectively reducing the risk of fire hazards.

## Eco-friendly Materials

The selection of European birchplywood and fireproof boards meets environmental standards, and the production process releases no harmful substances, ensuring a healthy and safe environment for use.

## Thermal Repairability

By using a hot towel or other high-temperature items, minor scratches can be repaired, helping to maintain the board's shape and keeping it looking new for a longer period, enhancing the overall home experience.

## Nano Coating

The 172-nanometer UV coating creates a smooth, wrinkle-free surface with a fine texture at the nano level, offering stronger fingerprint resistance.

## Durability

The UV coating and semi-transparent molecular curing technology make the surface stronger, more resistant to scratches and wear, and extend the product's lifespan.

SCS Global Services does hereby certify that an independent audit has been completed and conformity to the applicable standard(s) has been confirmed for:

## Shanghai Lamarty Decoration Materials Co., Ltd.

No. 9284, Xinge Road, Xinqiao Town, Songjiang District, Shanghai City, Zhejiang, China

This single certificate covers the production of finger jointed wood, glued laminated timber and parts of furniture using the transfer system.

The facility(s) are hereby Chain of Custody certified to sell products as:

FSC 100%, FSC Mix

The assessment has been conducted by SCS Global Services in accordance with the protocols of the Forest Stewardship Council® A.C. (FSC®).

FSC Standard: FSC-STD-40-004

Certificate Code: SCS-COC-700320

Trademark License Code: FSC-C200732

Valid from: 22/04/2024 Expiry date: 21/04/2029

This certificate itself does not constitute evidence that a particular product supplied by the certificate holder is FSC-certified (or FSC Controlled Wood where applicable). Products offered, shipped or sold by the certificate holder can only be considered covered by the scope of this certificate when the required FSC claim is clearly stated on sales and delivery documents. The scope of this certificate is considered accurate on the date of issuance. The current validity and scope, including the full list of products, shall be verified on <http://info.fsc.org>. The certificate shall remain the property of SCS, and this certificate and all copies or reproductions of this certificate shall be returned to SCS immediately upon request. Where a certificate covers more than one site, the covered products and processes activities are performed by the network of Participating Sites, and not necessarily by each of them.
